

SAILORS CHOICE CUSTOM SAIL COVERS

At Sailor's Choice we built the best modernized sailcover to enable the user to install and remove their cover with the greatest of ease. Our covers use Sunbrella Acrylic and have reinforcements where needed to extend their lifespan. Our cover uses a high quality zipper recessed from the harm of UV, to close the front. High quality TRW Turn-fasteners are spaced every two feet along the bottom to provide a quick and secure closure. Not only is your sail safe from the damaging UV but guarded from breaking loose in strong winds. Our covers are built to last and are built to fit your sail. We can measure your boat for you or provide you with a custom measuring sheet to speed things up. All Sunbrella covers are available to match your boat's existing canvas or jib cover.

Estimated Prices

Boat Size	Estimated "E" Dimension	Cost per foot of "E"
17-22	8	\$20.00
23-27	10	\$22.00
28-33	12	\$25.00
33-40	14	\$25.00

Modifications for Dutchman Systems or Lazy Jacks are \$30.00 per zipper extra. Most modification require two zippers. Ask for details.

**These prices are all estimated. All work is custom. More detailed pricing is available during an estimate. [Contact us](#) for more information.
